Imaging Services Accreditation Scheme (ISAS) Workshops

ISAS is a patient focussed imaging service accreditation scheme assessed against a set of quality enhancing standards based on clinical and patient reported performance measures that **gives confidence** to patients, purchasers, staff, and managers about safety, clinical effectiveness and sustainability.

The Royal College of Radiologists (RCR) and The Society and College of Radiographers (SCoR) have developed the scheme which is to be provided by UKAS.

UKAS would like to invite you register for a place at an ISAS Preparatory Workshop. The workshops are free of charge and are designed to provide practical advice for imaging services wishing to get accredited to the ISAS standards.

Upcoming workshops

Wednesday 30th September 2009 – London
Wednesday 14th October 2009 – Birmingham

For further information and to register for your place visit
