Beatson West of Scotland Cancer Centre
Band 8B Head of Therapy Radiography

£39,346 - £50,733, 37.5hrs, Gartnavel Hospital Campus Ref: 13404AHP/SYN

This is an outstanding opportunity for an innovative professional Radiographer to manage a committed and established team of therapy radiographers within the UK's second largest cancer centre. The new £105 million Beatson West of Scotland Cancer Centre is equipped with state-of-the-art technology and incorporates image guided radiotherapy (IGRT), IMRT and stereotatic radiotherapy into our portfolio of available technologies. A completely new HDR and PDR brachytherapy suite and programme complement the eleven linear accelerators. The centre will provide PET-CT with cyclotron, MRI and CT for diagnosis and radiotherapy planning. The centre is committed to developing the new 4-tier structure for radiographers and the first consultant radiographer post in Scotland has recently been advertised for the centre.
