

CR/DR: Getting it in and getting it right!

23 June 2006

Bristol

This study day is aimed at radiographers and their managers, both current CR users and those preparing for installation. It will:

- Provide radiographers and their managers with an up to date understanding of computerised radiography/digital radiography (CR/DR);
- Prepare future CR/DR users for the problems encountered during installation and integration with RIS/PACS;
- Demonstrate the impact of CR/DR on radiographic technique;
- Assess the use of CR/DR in mammography, with comparisons to plain film;
- Update on methods of CR/DR QA including artefact recognition and effectiveness of exposure indicators.

Programme

8:30-9:00	Registration and coffee
9:00-9:10	Welcome and introduction <i>Moira Crotty</i>
